ABOUT ME

Passionate and detail-oriented Fashion Design graduate with hands-on experience in both quality control and creative design. I began my career as a Quality Checker, where I honed my attention to detail and understanding of garment construction and standards. My dedication and eye for quality earned me a promotion to Fashion Designer, a role in which I now bring designs to life—from concept to final product. I thrive in dynamic environments, combining technical expertise with creativity to deliver fashion that is both trend-forward and production-ready.
